### **EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mohammed Rahman on 12 December 2005.

#### ***Amendment***

2. The application has been amended as follows:

#### **In Claims**

In Claim 12, line 8, --removing said sacrificial gate structure-- has been inserted after "a gate region;"

In Claim 14, line 7, --removing a sacrificial gate structure from said gate region-- has been inserted after "gate region;"

#### ***Reasons for Allowance***

3. The following is an examiner's statement of reasons for allowance: the prior art of record does not anticipate or render obvious a method of forming a metal-insulator-metal capacitor and an associated semiconductor transistor having a metal gate. Specifically, there is no motivation or suggestion in Moriwaki to substitute a metal layer for the polysilicon layer 303. Moriwaki teaches to form the sacrificial gate structure 303 from a polysilicon layer, and

then subsequently remove the sacrificial gate structure and replace it with a metal layer. Since the bottom electrode of the capacitor 303C, gate electrode 303A, and sacrificial gate structure 303B are all formed simultaneously from the same polysilicon layer, substitution of the polysilicon layer with a metal layer would render the removal step and subsequent metal deposition step unnecessary. Hence, it is deemed that Moriwaki cannot be modified to use a metal layer in place of the polysilicon layer 30.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
